

ALOK RANJAN

New Delhi, India | al1312ok@gmail.com | LinkedIn | GitHub | Phone: +91 7992374551

Summary

Software Engineer with hands-on experience in full-stack web development and API integration. Skilled in C++, Python, JavaScript, React, FastAPI, SQL, and Firebase, with experience building and deploying production-ready applications, including AI-driven projects such as a Retrieval-Augmented Generation (RAG) based chatbot. Familiar with RESTful APIs, Agile workflows, and version control using Git/GitHub.

Skills

Programming Languages: Java, JavaScript, Python, C++, SQL

Frontend: React.js, Angular, Next.js, HTML, CSS, Tailwind CSS

Backend & APIs: FastAPI, RESTful APIs, API Integration

Databases & Auth: Supabase, Firebase (Authentication, Firestore)

Tools & Platforms: Git, GitHub, VS Code

Projects

BookMyDoc – Healthcare Web Platform

[Live Link](#)

- Built and deployed a production-ready healthcare web platform using **React.js** and **Tailwind CSS**, hosted on **Vercel**.
- Implemented appointment booking workflows, service pages, and blog modules using reusable and modular UI components.
- Achieved **250+ unique user visits** and **100+ appointment bookings** within the first month of deployment.

AI-Powered Chatbot (RAG-based AI System)

[GitHub](#)

- Developed a full-stack **Retrieval-Augmented Generation (RAG)** based document Q&A system using **FastAPI** and **Next.js**.
- Implemented vector-based document indexing and semantic search for context-aware responses.
- Designed RESTful APIs for document ingestion and query handling with efficient request-response flow.

Work Experience

Software Developer Intern

Mobiloitte Technologies India Pvt. Ltd., New Delhi

March 2025 – March 2026

- Contributed to frontend feature development and integration by consuming and testing backend **REST APIs** across application workflows.
- Assisted in developing and updating backend API endpoints using **FastAPI**, focusing on request handling, validation, and data flow between services.
- Worked on document-based application features, supporting frontend UI logic and basic backend functionality for data retrieval.

Education

Bachelor of Engineering in Computer Science Engineering

Chandigarh University, Mohali, Punjab

CGPA: 7.51

2021 – 2025

Certifications

- **Frontend Development with React.js** — Infosys Springboard
- **SQL: A Practical Introduction for Querying Databases** — IBM
